**Organizes**  
**An International Conference on**  
**Transdisciplinary Research : Issues and**  
**Challenges**

**16th - 17th September 2022**

## About UGC-STRIDE

Scheme for Trans-disciplinary Research for India's Developing Economy (STRIDE) aims to promote innovative culture for trans-disciplinary research, especially in Universities and Colleges. The main objectives of STRIDE are to identify young talent, strengthen research culture, build capacity, promote innovation and support trans-disciplinary research relevant to national development, and to fund high-impact multi-institutional network projects in the identified thrust areas in humanities and human sciences and Indian knowledge system.

STRIDE through its three components supports the initiatives and research projects that are socially relevant, local need-based, nationally important, and globally significant to accomplish Sustainable Development Goals (SDGs) and the well-being of society.

STRIDE intend to support trans-disciplinary research for social inclusion in line with national priorities and also support innovations and entrepreneurship. Inclusive innovations relate to the creation, development, and integration of new ideas, concepts, and practices for the public good and to strengthen civil society. STRIDE is focused on solution driven efforts by addressing needs of local/ regional communities and national priorities.

## About the Conference

University Grants Commission, New Delhi announced STRIDE in 2019, with its first component focusing on Research Capacity Building. The apex body of higher education realized the significance of transdisciplinary research as it is holistic and considers different dimensions of the research theme. Pan India, there are 34 Universities and Institutions that have been awarded STRIDE Component- 1 on Research Capacity Building. This Conference will be an excellent platform to bring these awardee institutions and academia, who are the front runners in transdisciplinary research. This conference intends to highlight the scope of transdisciplinary research and the related issues and challenges.

Since the project was awarded to the School of Economics, Devi Ahilya Vishwavidyalaya, Indore, three batches of research scholars and young faculties have been induced in the program. More than 90 such fellows of the STRIDE program have benefited from many workshops/ seminars organized on themes related to Six-Sigma Approach, Theatrics, Research Methodology, and software. The participants were divided into different transdisciplinary groups to implement actual transdisciplinary research and produce a valuable research outcome.

In view of this emerging research approach, the School of Economics, DAW is organizing an International Conference in September 2022 on the theme **"Transdisciplinary Research: Issues and Challenges."**

## **About the University**

### **Devi Ahilya Vishwavidyalaya, Indore (Accredited 'A+' Grade By NAAC)**

The university beholds the vision of creating, advancing, and disseminating knowledge with collective wisdom through value-based holistic education. To achieve this vision, we are striving to excel in both quantitative as well as qualitative aspects of higher education. With the guidance of Honorable Vice-Chancellor Prof. Dr. Renu Jain, the university has been introducing new professional programs to meet the industry requirement for skilled professionals. On the other hand, the university has also been preserving traditional programs essential for knowledge enhancement. Providing inclusive education at an affordable cost to all segments of society is a crucial role that this university has been playing successfully.

With more than two lacs students in 270 affiliated colleges and over 10000 students in UTDs, this university is the largest in Central India and has been accredited 'A+' grade by NAAC. With constant effort and support of the Rector, Prof. Dr. Ashok Kumar Sharma, and the Registrar, Prof. Dr. Anil Kumar Sharma, the university is gearing up to become a world-class institution with excellent infrastructure, updated technology, and an emphasis on research and innovation.

## **About School of Economics**

**A UGC- STRIDE Centre**

**A UGC-SAP (DRS-III) Supported Department**

**A UGC Centre with Potential for Excellence in Particular Area (CPEPA)**

**A Centre for Excellence in Economics (Identified by the Government of Madhya Pradesh)**

**State Planning Commission's Chair on Micro Economic Governance**

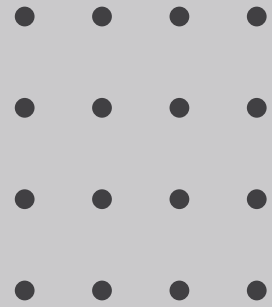

The School of Economics, a pioneering institute of Devi Ahilya University, was established in 1976 as the University Teaching Department under the faculty of Social Science to impart quality education and research in the field of Economics. On the basis of our strength in Teaching, Research, and Capacity Building, the University Grants Commission (UGC) has selected the department for financial support under its Special Assistance Program (SAP) at Departmental Research Support since 2005 and has successfully completed three phases.

Another proud moment for us, "The Department was identified under the UGC Scheme of Centre with Potential for Excellence under XII plan (2016-2021) on the theme of "Inclusive Growth and Sustainability in the Tribal Area". School of Economics has also been awarded, "Centre for Excellence" in Teaching & Research by Government of M.P" We are also fortunate that the State Planning Commission, Madhya Pradesh had created a Chair on "Decentralized Planning and Micro-Economic Governance" in the department for research extension and training for regional development.

The department has been doing equally well in its academic pursuits, The School of Economics, a teaching department of Devi Ahilya University is positioned as the only institute in Central India providing professional courses with the perfect blend of Economics & Management. proving its versatility and the motive to develop a scheme of integral education compatible with contemporary needs, the School of Economics runs conventional and professional programmes viz. M.A., M.Phil., Ph.D., MBA (International Business), MBA (Business Economics) MBA(Financial Services) and B.A. (Honours) in 2019.
